Letter by Allan Kitto

Overseer of New South Wales, Australia

May 16, 2019

Kitto's letter in response to **60 Minutes Australia** televised program about "The Truth Church:"

Dear Friends,

We want to be in touch with you all, to address any confusion that may have arisen regarding how we deal with child sexual abuse cases. (CSA).

All the matters raised in the media had already been dealt with by the legal authorities.

All our workers have already received professional training on what action to take in the event of any allegations of inappropriate behavior toward children. We will continue to abide by all legal reporting requirements.

We will also continue to support any official investigation into such matters and the outcomes that they arrive at.

Yours sincerely

Allan Kitto
