

1947 Workers List

1947 Workers List

North & South America

Revised September 28, 2025

TTT Editors Note: This List is missing for USA: AZ, OR, WA, ID, MT, NV, UT, WY; missing for Canada: British Columbia, Alberta and Manitoba

Total No. Workers Listed: 772

Total No. Canadian Workers Listed: 77

Ten (10) pairs of Married Workers are shown in **bold print (could be more, as this is a partial list)**

This List was typed from old, yellowed onion skin carbon copy by Cherie Kropp. Some names were hard to read, therefore, this list may contain some incorrect spelling. Notification of such is welcome, and corrections will be made accordingly. It would appear that a page is missing from this list, since California was listed as the last item on Page 5 and the other 8 western states and 3 western Canadian Provinces are not included on it.

Sister workers are listed on line beneath brother workers, except those married.

Workers names also on 1905 Workers List are bolded

The 1947 Wooster Convention Notes contained these sisters' names which were not on the list below:

Lois Ernsthansen, Jessie Dawson, Maude Dozier, Isabel Norris and Minnie Young.
